**Re: OnePoint Communications CLEC Application
Docket # 00-00112**

Dear Deb:

After a closer review of the above referenced CLEC Application, which I filed on February 15, 2000, I realized there were two errors relating to referenced exhibits attached to the Application.

The error occurs on page 7 of the Application. The first error refers to Exhibit 10 being the Interconnection Agreement with BellSouth. In fact the Interconnection Agreement is Exhibit 9. The Small and Minority Owned Business Plan is referred to as Exhibit 11 and should be Exhibit 10, as there is no Exhibit 11.

I have enclosed a revised page 7, along with 13 copies. If you could please replace the incorrect version with the revised version, I would greatly appreciate it.

Should you have any questions or comments, please contact me at the above listed number.

With best regards, I remain

WYATT, TARRANT & COMBS

4. Attached hereto as Exhibit 9 is OnePoint Communications, Inc.'s Interconnection Agreement with BellSouth and the accompanying long distance tariff and local tariff and price.

5. Attached hereto as Exhibit 10 is OnePoint Communications, Inc.'s Small and Minority Owned Business Participation Plan in accordance with Tennessee Code Annotated § 65-5-212 which was previously approved in the resale application..

IV. CONCLUSION

The telecommunications industry is growing and changing at an impressive pace. The entry of OnePoint Communications, Inc. into the local exchange market will enhance competition in the provision of telecommunications services within the State of Tennessee as prescribed by the Tennessee Legislature in Chapter 408 of the Public Acts of 1995 and by the Federal Telecommunications Act of 1996. OnePoint will bring significant benefits to telecommunications users in the State of Tennessee. Applicant's expertise will permit it to select the most economic and efficient services, thereby providing subscribers with a better combination of price, quality, and subscriber service than other carriers. Accordingly, Applicant anticipates its proposed service will provide subscribers with better quality services and will increase consumer choice of innovative, diversified, and reliable service offerings.
